Subject: Authorship Scenario - not included in the best management practices -- Need your input.

Importance: High

Francesca,

I am reaching out to you as the Scientific Integrity Officer to address a situation that is not included in the FAQs for staff and management regarding authorship best management practices. Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) I briefly discussed this situation with you some months ago.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Questions:

What are the responsibilities of the former EPA employee and EPA management?

What are the responsibilities of the former EPA employee prior to the article being published?

Is EPA review and concurrence (clearance) of the former EPA employee's article required prior to publication.

Ex. 5 Deliberative Process (DP)

What responsibilities does the former Supervisor have?

What if there are other contributors that should be included as authors, but have not seen or reviewed the document?

I would appreciate answers to these questions at your earlier convenience as the former EPA employee is close to submitting the paper for publication.

Thank you.

Best regards,
